

A directive by
Sinclair
Broadcasting
compelling all 62 of
its television
stations to preempt
regular programming
and broadcast an
anti-Kerry
"documentary" during
prime time is an
abuse of Sinclair's
privilege to
broadcast over the
public airways.

Sinclair degenerates
all broadcast
journalists with its
claim that this
program is news when
it is clearly
election propaganda
for the Bush-Cheney
campaign.

Sinclair's broadcast
of election
propaganda is an
abrogation of its
public
responsibility and
an affront to the
democratic process
and should not be
tolerated by the
FCC.
